## ***The Fabulous Fur Ball - our newest fundraiser!***

On April 14th, we are hosting an exciting new fundraiser - our inaugural Fur Ball! This is a cocktail attire event held at the Town and Country Inn and Suite from 7:00 to 11:30 pm.

The event will feature Vegas style gaming tables and professional dealers. Attendees can choose from poker, black jack, roulette and craps games and spend the night gambling - all to benefit the Humane Society!

Live music by *The Horndogs* will also be featured. The event will feature heavy hors d'oeuvres and a cash bar.

Wine and martini glasses etched with the Quincy Humane Society's logo will be available for purchase with drinks. Tickets will be available March 1st at the Quincy Humane Society and the Town and Country Inn and Suites. Tickets are \$75 each and include entrance to the event, two drink tickets and \$50 in gambling chips to start your evening off. Additional gambling chips will be available for purchase. Gamblers who earn the most chips will have fabulous prizes to choose from.

## A Letter from the President...

I would like to take this opportunity to thank our Donors and Supporters, Board of Directors, Staff and Volunteers for making 2011 our most successful ever! Mutt Strut was our greatest effort yet and raised over \$42,000!

In 2011, 972 animals found a temporary home at the Quincy Humane Society. Of those, 280 were dogs, 321 puppies, 136 cats and 208 kittens, 19 guinea pigs, 3 birds and 1 rabbit. Our spay/neuter clinic provided 3041 low cost or subsidized spay and neuter procedures. Our vaccination clinic provided 838 clients and their pets with low cost vaccinations.

Since the end of November we have more than doubled the volume in our spay neuter clinic thanks to two generous grants. **Pet Smart Charities** granted \$98,820.00. The grant will spay/neuter, vaccinate and microchip animals from a targeted area in Quincy over a two year period. **The DJ and T Foundation** granted \$10,000 to spay and neuter dogs. This grant targets dogs and puppies over 40 pounds. In conjunction with Paw Pals, through a \$6000.00 grant from the ASPCA we have been able to offer free vaccinations for income eligible pet owners. Clearly, we continue to expand our life saving services in our community.

It is said that vision + action = positive difference. I believe that we have a very strong vision from our board to propel the action of our staff and volunteers that continue to fuel the strides we are making for animals in our community.

For as long as I can remember I have had a deep love and respect for animals. I have shared my life and my home with a number of dogs, several of whom we have, sadly, had to say Goodbye. All my animals, past and present, have inspired me in a dedication to animal welfare. I thank each and every one of you for your respect, dedication and support that will continue to provide the animals of our community a safe haven and programs to improve the quality of their lives.

## Quincy Humane Society receives two spay/neuter grants

The Quincy Humane Society has recently been the recipient of two very large grants for spay/neuter services.

PetSmart Charities has granted us \$98,000 to spay/neuter, vaccinate and microchip all animals located in a targeted area. This area encompasses the river to 24th Street east/west and from Harrison to Locust Streets going north/south, as well as three trailer parks in Quincy. Anyone who lives in those targeted area can have their dogs or cats fixed, vaccinated and micro-chipped for no charge. The only fee for these services applies to dogs - owners must pay \$7.50 to cover the cost of the rabies tag.

This grant will allow us to serve approximately 1760 animals - helping us prevent the cycle of pet overpopulation and ensuring animals are vaccinated and properly identified if lost.

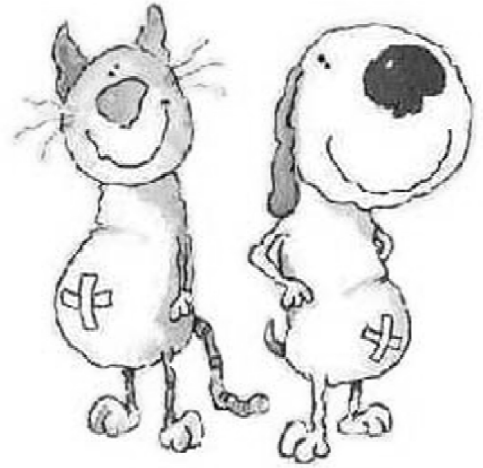

If you live in this area, or know someone who does, help us spread the word about this wonderful opportunity.

The second grant we received was given by the DJ & T Foundation. This is a grant for dogs only - and especially for large dogs over 40 pounds. There is no geographic limit to this grant - anyone, anywhere with a dog can take advantage of it.

This grant includes spay/neuter surgery and vaccinations.

Grant recipients must pay the \$7.50 tag fee if they live in Adams County. Grant recipients must also make a co-pay, if they are able. There is no guideline amount to this co-pay - grant recipients can pay any amount they are able to afford to help offset the cost of the grant.

These two grants have already enabled us to fix over 400 animals in the few months we have had the funds available. These are animals who otherwise might never have been fixed or vaccinated - which helps our community keep our animals healthy and end the cycle of pet overpopulation.

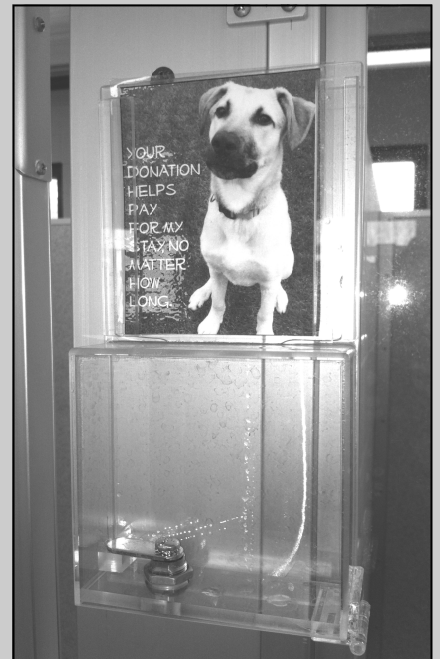

## Donation boxes installed at the shelter

Thanks to a great idea from a shelter intern and a generous donation from a board member, the Quincy Humane Society has developed a new way to fundraise at the shelter on a daily basis.

We have installed donation boxes on many of the animal's kennels that allow visitors to help contribute to the costs of their care. The donation boxes feature pictures of past or current shelter animals and mention services that donations help pay for.

The shelter has already received donations through this method, and we hope that these will increase as more people become aware of their purpose!

## ***“Saving a life to change a life...”***

### **Former shelter employee involved with animal training organization**

Melody Seybold, former Quincy Humane Society volunteer coordinator, has gotten involved with a program in Peoria called *Paws Giving Independence*. *Paws Giving Independence* is a nonprofit organization completely run by volunteers that trains dogs for service positions for families – and instead of charging upwards of \$15,000 for the trained canines, this program offers them to families at no charge. This program was started by two students at Bradley University who were working with a program that trained service dogs for families that needed them. After getting involved, they realized there was a need in their own area for a program like this – so they started one. Since its inception, *Paws Giving Independence* has accepted 35 dogs, 10 of which are still in training. Nearly all the dogs are rescued from animal shelters, which is a key philosophy to the program.

Dogs are given to foster families, who are then responsible for training them for 18 to 24 months. They are required to attend weekly training classes with their foster dogs. They go everywhere with their foster parents – the grocery store, sporting events, restaurants, classes – to help acclimate them to the real life situations they will face while working.

Melody adopted Jake, a black lab mix puppy, from the Quincy Humane Society in December of 2011. She has kept us up-to-date on his progress: “We brought home our foster puppy, Jake, on Christmas eve from the Quincy Humane Society. We absolutely adore him. He goes everywhere with us and is one of the smartest puppies I've ever worked with. He will be with us for a year and a half to two years before he is given to someone that needs him. I can already tell it will be more difficult than I thought to give him up, but I know it will be life changing for the person that gets him,” Melody emailed.

# Success Stories!

Peaches (now appropriately named Bananas) has been a member of our family for almost a year now. Bananas has become the best friend of both of my boys, and has even worked her way into the heart of my husband. She is energetic, rambunctious, and so loveable. She is great with the boys and brought so much joy to our family! I've attached some photos so you can see how much she has grown, and how much she is loved! Thank you for helping us find the missing link to our family! - Katie Case

I just wanted to send you a few pictures and an update on "Dust Bunny", now known as "Ruby." She is adjusting quite well in her new forever home and we can already tell who wants to be boss and has both of us wrapped around her little paw!!!! She sure did not like the two hour ride home in the cat carrier, and she was scared when we got home and wanted to go into hiding, but we gave her some space and she eventually came out and let us see her from a distance. She is eating well, playing with all her new toys, exploring her home, sleeping in her new bed, and seems to be happy and content. She isn't a big fan of sitting on our laps yet, but I'm sure once she gets to know us better, that will come with time. We both want to thank you again .... she is adorable ... and we couldn't be happier!!

-Jeff Finrock and Karen Albert

Here are some pictures from this weekend of Duke and Harlow.

Thank you again for letting us know he was available for us to adopt. He is a great dog and they get along awesome!!

—Andrew Eisenbeiss

**Did you adopt an animal from us? We would LOVE to hear from you! Send us a picture and a story about how your new fur baby is fitting into their new home! Email [voluntr@adams.net](mailto:voluntr@adams.net) with any information, and maybe you'll get published in our next newsletter!**

## A Special Way to Remember...

If you would like to remember a deceased family member, friend or pet you can send your gifts of condolence as a memorial to the Quincy Humane Society. Not only do these gifts help the many animals found at the Quincy Humane Society, but it also lets the family of the deceased know that they are remembered.

If you would like to make a donation in memory or in honor of a person or pet, please:

- 🐾 Send your gift to PO Box 3173, Quincy IL 62306
- 🐾 Enclose a note with your check including the name of the deceased, whether it is a person or a pet, and the name and address of the family to notify of your gift.
- 🐾 The family will receive a card of acknowledgement. The amount of the gift remains confidential.

Thank you for remembering your friends and family in such a wonderful, generous way!
